

Rent Control Issue Beaten

Demos Want Longer Period Of Extension

Washington, March 11—(AP)—House Democratic leaders today defeated a Republican effort to continue rent controls only 90 days more, then put off until Tuesday a final vote on an administration bill extending the curbs 15 months.

Postponement of the showdown came after nearly eight hours of heated debate, highlighted by these developments:

1. Rejection of the GOP's 90-day extension plan by a vote of 178 to 163.
2. Adoption of an amendment by Rep. Brown (D-Ga.) to assure landlords, so far as practicable, a "reasonable return on reasonable value" of their rental property. This was approved 246 to 31.
3. Elimination of a provision which would have put apartment hotels back under price ceilings. Under the present law the curbs apply only to hostels which do not provide the "usual hotel services." The change was adopted by a vote of 174 to 98.

The Democratic leadership then ordered the delay on final action, saying that votes on pending amendments and three scheduled roll calls would have forced the house into an extra long night session.

Rep. Halleck (R-Ind.), a Republican leader, told reporters: "I think the Democratic leaders are a little panicky. All those votes were very, very close. Of course, this bill already bears only slight resemblance to the rent bill the administration asked for."

Although the Democrats did not succeed in pushing their measure through to a conclusive vote today, they had turned back the GOP drive to cut the extension period to three months.

"It was a very hard fight," Acting Speaker McCormack (D-Mass.) said. He said that if the Republicans had put their plan across "it would have meant that to all practical purposes rent control was over."

"The major fight is won," he added.

But the victory came only by a mighty slim margin—and only after the hard-pressed administration forces had offered to lift controls on more than 100 areas if congress agrees to extend the government's general authority to set rent ceilings.

To Try 3 Chicago Cab Companies In Anti-Trust Suit

Chicago, March 11—(AP)—The U. S. circuit court of appeals today agreed to trial an anti-trust suit brought against three major taxicab companies by 66 war veterans who want to drive cabs in Chicago.

A federal district court decision holding it lacked jurisdiction to try the case was reversed by the appeals court. The case was sent back to the lower court for trial.

Defendants are the Yellow, Checker and Parmalee cab companies.

On Feb. 5, 1947 the Chicago city council enacted an ordinance limiting the number of cab licenses in the city to 5,500.

In their suit the war veterans claimed that under this ordinance the cab companies conspired to monopolize the taxi business and prevent them from operating their cabs.

Wants To Finish Education In Jail

Chicago, March 11—(AP)—A man who said he wanted to go to jail to complete his criminal education was obliged today.

Federal Judge Phillip L. Sullivan enrolled Frank Davis, Youngstown, O., negro, in the county jail for 30 days.

Davis admitted looting a south side mail box. He told the judge the theft was one of a series of petty crimes he had committed.

He also said he didn't mind going to jail because he wanted to become an expert criminal and had picked up valuable information on the subject in various jails.

549 DPs ENROUTE

Washington, March 11—(AP)—An additional 549 displaced persons who will find permanent homes in this country will reach Boston March 13 on the Marine Jupiter, the international refugee organization said today.

Urbana, Ill., March 11—(AP)—Illinois Supreme Court Justice Walter T. Gunn is recuperating from a virus infection at Carle hospital in Urbana.

Russia Asks Turks About Defense Pact For Mediterranean

London, March 11—(AP)—Diplomatic sources said today Russia has asked the Turkish foreign office about Turkey's interest in a proposed Mediterranean regional defense treaty.

Turkey was reported to have told Russia the suggested pact would be defensive in character, would aim to secure peace and security in the Mediterranean and would not be aimed against the Soviet union.

British informants said Moscow could be expected to express strong disapproval of Turkish participation in a Mediterranean pact, if and when such a treaty begins to take shape.

Turkey is urging Mediterranean powers of like mind to organize an alliance which later could be linked to the North Atlantic treaty now being negotiated in Washington. The Italian government decided today to participate in the Atlantic accord, which would ally the United States and Canada with western European nations.

Cevat Acikalin, Turkish ambassador to London, discussed the Soviet inquiry with British Foreign Secretary Ernest Bevin yesterday.

Harry S. Truman Expected To Beat R. E. Lee Record

Caruthersville, Mo., March 11—(AP)—Her diesel motor at top speed, the towboat Harry S. Truman expected to overtake the ghost of the old Robert E. Lee tonight or early tomorrow.

The Truman was more than an hour behind schedule but gaining fast when she passed Caruthersville shortly before noon. She's trying to beat the New Orleans-to-St. Louis record set by the famous old packet 79 years ago.

Capt. Willis "Cannonball" Smith, the Truman's master, reported to St. Louis by radio at noon that he had averaged 12.9 miles an hour for three hours, "the best stretch she's done this far."

To equal the Lee's mark, the Truman must pass under Eads bridge at St. Louis by 11:14 a.m. (CST) tomorrow.

"From all calculations we can make," said a federal barge line spokesman at St. Louis, "it looks as if we'll bring her in about 10 a.m., beating the Lee by more than an hour."

Gravediggers End Strike That Made Priests Dig Graves

New York, March 11—(AP)—Catholic gravediggers settled with their church today an eight-week-old strike which had caused Francis Cardinal Spellman to use young priests and seminarians for burial tasks.

The settlement was on terms of the cardinal, who said "it brings to a close one of the most difficult, grievous and heartbreaking issues ever to come in my time as archbishop of New York."

Cardinal Spellman had termed the strike "unjustified and immoral." Coffins bearing more than 1,000 bodies had lain unburied in shallow, temporary trenches at two Catholic cemeteries.

David Sullivan, an international vice president of the AFL building service employees union, joined in the announcement that the strikers would go back to work at Calvary cemetery, Maspeth, Queens, and Gate of Heaven cemetery, Hawthorne, N. Y.

To Pay National Guardsmen With Silver Dollars

Decatur, Ill., March 11—(AP)—Pockets of Decatur National Guardsmen will jingle with silver during the next three months.

They will be paid in silver dollars. Each coin will bear a red sticker labeled "Illinois National Guard."

Maj. Francis G. Thompson, an army instructor assigned to the guard, said purpose of the plan is to show Decatur merchants the amount of money coming in to the city through the National Guard payroll.

The silver dollar plan also will be used as an impetus to recruiting. Thompson said the Decatur guard needs 200 more men.

He said the silver will be paid to 350 men of Decatur's four companies for a total of \$10,000.

BRITAIN REDUCES ARMY TO 550,000 TROOPS

London, March 11—(AP)—The House of Commons approved a defense budget yesterday calling for a cut-down but highly mobile army using a lot of made-over equipment.

The 304,700,000 pound (\$1,218,800,000) measure was adopted without a record vote. It provides for an army of 550,000 men in the year starting April 1, a reduction of 300,000. The budget is 300,000 pounds (\$1,200,000) less than for the current year.

French Hero Of Wars, Gen. Giraud, 70, Dies

Paris, March 11—(AP)—Gen. Henri Honoré Giraud, 70, French hero of two world wars, died tonight at a military hospital in Dijon. He had been stricken by food poisoning.

Earlier today the general, who had been retired since the end of World War II, received the last rites of the Roman Catholic church.

His death was announced at a night session of the national assembly, the lower house of the French parliament, by Socialist Deputy Andre Le Troquer, assembly president.

During the two wars Giraud escaped six times from German prisons. He received the Médaille Militaire (military medal) yesterday. This is France's highest decoration and is generally given only to enlisted men. It is an unusual distinction for an officer to receive it.

Since his retirement, Giraud had been living quietly with his wife and two daughters in Metz, France. He entered the Dijon hospital suffering from food poisoning this week. His condition was reported much worse this morning, and he received extreme unction.

Giraud commanded the French forces in North Africa in the 1942-43 allied invasion and campaign. He resigned in April, 1944, after a quarrel with Gen. Charles De Gaulle, commander of Free French forces in exile.

Giraud and De Gaulle had been brought together in a semblance of unity at a historic conference in Casablanca, French Morocco, between President Roosevelt and Prime Minister Churchill. There was an outward show of harmony, although De Gaulles showed resentment.

In the battle of France in 1940, Giraud commanded groups of armies in northern France. He was cited for holding back the Germans until his forces were crushed and he was captured May 21, 1940.

Taken as a prisoner to Germany, he was finally placed in Koenigsberg fortress, in Saxony, from which he escaped in April, 1942. This escape was one of the most dramatic incidents of his adventurous life.

Israel, Arabs Cease Firing

SCHOOL BUILDING DESTROYED BY FIRE

Hamilton, Ill., March 11—(AP)—Oakwood grade school was destroyed by fire here today.

Loss was estimated at \$50,000. Janitor Adam Howe and two pupils who were inside the three-room one-story frame building at the time, escaped without injury. Some equipment was saved.

Alberta Gray discovered the fire and turned in the alarm. The blaze reportedly started in the belfry from sparks. All the children had not yet arrived at the school when the fire was discovered.

Irish-Born Cop Talks To Irish Rabbi In Gaelic

Springfield, Mass., March 11—(AP)—Irish-born policeman Andrew Curran from County Kerry laid the telephone receiver gently in its cradle.

He looked up at his good friend Mandell Gutfarb and said: "Now I've heard everything!"

Curran had just finished a telephone chat with Rabbi Theodore Lewis in Newport, R. I.—in Gaelic.

It all began when Curran and Gutfarb, a metal and machinery dealer, fell to discussing the new Rabbi—assigned to Newport's Touro Synagogue—oldest in the country. Rabbi Lewis is the only Irish-born Rabbi in the world.

"I wonder," said Curran. "Does he speak Gaelic?"

"Let's go to my office and call him up and find out," said Gutfarb.

Gutfarb didn't understand the conversation that followed, but Curran said they chattered at length about "the old country."

"He told me," said Curran, "that every Saturday night in his old synagogue in Dublin, the Jews pray for the Irish state and its president."

House Of Commons Refuses To Change English Spelling

London, March 11—(AP)—C-a-i still spells cat.

For a while today it looked as though every last one of us would have to go back to school and start over.

The House of Commons saved our necks by three votes, 87 to 84. By that margin it turned down a bill by Laborite Mont Follick to reform the whole English spelling system.

Follick wants an alphabet of 23 letters instead of 26, no Q, no Y, no Z—everything phonetic, every letter and combination of letters standing for the same sound all the time.

His bill would have set up "ei komiti to introduce el rasonhal sistem of spelling with el viu tu making Inglish a uerid languij."

Commons debated it for five hours.

George Tomlinson, minister of education, said the labor government was against the bill.

"It means that the whole of the literature of this country would have to be rewritten," he warned solemnly.

Nationwide Slot Machine Racket Charged In Report

Sacramento, Calif., March 11—(AP)—A nationwide slot machine racket with an estimated \$2,000,000,000 "take" annually and a \$400,000,000 kitty for bribing public officials, was charged today in a report by the California commission on organized crime.

Underworld corruption spreading from New York to California and even having a vague hookup with the old "Muder, Inc." gang was attributed to the slot machine "industries" operators in the scathing report.

The commission said it had sent investigators to Chicago to attend the coin machine institute convention Jan. 17-18-19. They brought back a mass of revealing information.

"From the extraordinarily frank discussions of corruption, the commissions investigators ascertained that it is the common practice of slot machine operators throughout the country to pay 10 to 20 per cent of their gross profits for protection and graft," the commission report said.

Man, 69, Shoots Self Just Outside Senate Chamber

Washington, March 11—(AP)—A sensitive 69-year-old man shot himself to death today outside the United States Senate chamber because he was "shamed" by the world's lack of progress "morally, ethically and politically."

He was "pained" too, said Thomas C. Williams of Buffalo, N. Y., in two lengthy notes he left at:

"The greed, selfishness, deceit and downright ignorance of some trade union bosses, the selfishness and obtuseness of some swollen profits seeking employers, the apathy of some clergymen. I am ashamed of 'porkbarrel' politicians."

The shooting occurred at 1:50 p.m. central standard time in a corridor adjoining the senate spectator's gallery.

The senate was locked in an 11-day old filibuster debate.

Williams had apparently toyed with the shooting idea for some time. He had drafted his original notes, in which he expressed the hope that his death might set an example and inspire better things, on Feb. 24 and 25.

He scratched out those dates and inked in March 10.

Russ Press Flays Gubitchev Arrest

Moscow, March 11—(AP)—The Soviet press today aimed broadsides at the arrest of Valentin A. Gubitchev, Russian engineer held in New York on spy charges.

The Russian News Agency Tass accused FBI investigators of trying to pump security information concerning Russian defenses from Gubitchev in the course of questioning.

Newspapers carried such headlines as "crude, arbitrary action of American authorities" in his first press mention of Gubitchev's arrest.

Premier Gasperi Approves Italy's Joining Alliance

Each Agrees Not To Attack The Other

Rome, March 11—(AP)—Premier Alcide De Gasperi announced today his government has approved Italy's participation in the projected North Atlantic Alliance.

His statement, made in a tense session of the chamber of deputies, was followed by a sweeping attack on the proposed treaty by communist and pro-communist socialist leaders.

Italy's decision was reached earlier in the day at a cabinet meeting. Foreign minister Carlo Sforza outlined the main conditions of the planned alliance. Then, De Gasperi said, the cabinet unanimously accepted an invitation for Italy to join.

The eight countries working out the pact were reported in Washington to have agreed on all details.

The agreement will link the United States and Canada with a number of European countries west of Russia's iron curtain.

Original European participants in the treaty talks were the five Brussels alliance powers—Britain, France, Belgium, The Netherlands and Luxembourg. Subsequently Norway joined in the negotiations and Denmark has moved toward participation.

Russian Engineer Claims Immunity To Spying Charge

New York, March 11—(AP)—A Russian engineer claimed diplomatic immunity and a young woman government worker pleaded innocent today when they were arraigned in federal court on espionage charges.

The immunity claim was made by Valentin A. Gubitchev, suspended Soviet employee of the United Nations who was indicted yesterday with Judith Coplon, 27-year-old analyst for the U.S. Justice department.

The special spy-probing grand jury that indicted them accused the pair of conspiring to pass to a "foreign power" United States defense and intelligence secrets.

Speaking through an interpreter, the 32-year-old Russian told the court he did not want counsel and that the case against him was being prosecuted to "pursue certain aims."

But Judge Simon H. Rifkind Deferred Gubitchev's pleading on the indictment until Monday and said he would assign an attorney to defend him.

Mrs. Coplon, a native of Brooklyn and honor graduate of Barnard College, pleaded innocent in a firm, clear voice to the three counts of the espionage indictment. Her trial was set for April 1 and she later was released in \$20,000 bail.

Stevenson Seeks State Program For Young Criminals

Chicago, March 11—(AP)—Gov. Stevenson today said Illinois ought to work out an overall program to care for youthful offenders like 14-year-old Howard Lang, slayer of a seven-year-old playmate.

The governor's statement was made at the second of two meetings to consider what to do with Lang. The first meeting produced a recommendation from Lang's defense attorneys that the state establish a special school to care for early teenage criminals.

Gov. Stevenson urged that the state youthful offenders commission, which is going to New York Wednesday to study the system there, make a full report to the legislature.

He suggested this report lay out an overall program—"which might not necessarily go through the legislature in one piece"—for the state. It should include, Stevenson said, a treatment program for emotionally disturbed children who would turn into criminals later; custodial care, and separation of advanced youthful criminals from beginners.

Atlantic Pact Nations Say Text Is Complete

Washington, March 11—(AP)—The eight-nation team drafting the North Atlantic security treaty announced today that its historic text is complete.

The pact, binding the United States, Canada and western Europe in an unprecedented defensive alliance, will be signed in Washington the first week in April.

The announcement that the draft of the treaty has been finished was made after a two hour and 20 minute meeting in Secretary Acheson's office at the state department. Several minor changes were made during the session.

The state department issued a formal statement agreed upon by the representatives of the eight nations. It said:

"We cleared up several minor drafting points. We expect the text of the treaty will be released for publication next Friday and that the treaty will be signed the first week in April in Washington. There will be one or more meetings next week."

The eight countries which agreed on the wording of the treaty are the United States, Canada, Norway, Britain, France, Belgium, The Netherlands and Luxembourg. Several other nations may join this lineup before the signing.

Italian Premier Alcide De Gasperi announced in Rome that his government has approved Italy's participation in the projected alliance.

Denmark's foreign minister, Gustav Rasmussen, conferred with Secretary of State Acheson today in the first of a series of talks with American officials concerning the possible alignment of his country with the Atlantic pact. Portugal and Iceland are considered eligible if they wish to come in.

The pact will not become effective until after it is ratified by all member governments following the signing. In the United States this means that it must be approved by the Senate.

Lewis Orders Mines Closed

Protest Boyd Named As Mine Director

Washington, March 11—(AP)—John L. Lewis, preparing for another contract battle with mine operators, today ordered a two-week shutdown of coal mines east of the Mississippi, beginning Monday.

He summoned some 400,000 soft and hard coal miners to leave the diggings in protest against President Truman's nomination of Dr. James Boyd as director of the U. S. Bureau of Mines.

He also said the shutdown would be a memorial for men killed and injured in the mines.

Does Not Mention New Contract

He said nothing about the fact that negotiations are coming up for a new contract to replace the one expiring June 30. But anything that tends to reduce the amount of already-mined coal will help Lewis put more pressure on the operators. The present piles above ground are estimated by the bureau of mines at 70,000,000 tons, or about a 45-day supply. This is the highest spring-time coal pile since 1942.

Says Records Cast Out By Workers Facing Discharge

Washington, March 11—(AP)—A witness told Senators today that "disgruntled" federal workers facing discharge in an economy wave threw away records useful in collecting \$26,000,000 in back debts owed the maritime commission.

K. E. Harris, acting chief of the commission's internal control branch, said that the loss from the destroyed papers would be very small, however, since "we were able to secure duplicate copies."

Senator Mundt (R-S.D.) said the workers had committed a serious crime. Asked what action was taken against them, Harris replied: "none that I know of."

Harris appeared before a Senate expenditures subcommittee, present-day counterpart of the old war investigation committee which President Harry Truman headed. It is digging into the commission's backlog of unfiled accounts, some said to date back to wartime 1942, in an inquiry into its methods.

U. Of I. To Make A Summer Music Camp In Quincy

Urbana, Ill., March 11—(AP)—A delegation from Quincy, Ill., today discussed with University of Illinois officials plans to establish a summer music camp at Quincy.

The camp would be one of several which the university proposes to establish in the state for high school students, and eventually for those in the grade schools.

J. Paul Painter, head of the music section of the university's extension division, discussed the Quincy plan with a delegation headed by James M. Riffe, executive vice-president of the Quincy Chamber of Commerce.

Painter said Quincy had offered the university a 500-acre wooded tract of the Mississippi river as a camp site. The area has fine recreational facilities, Painter said.

He said the city had offered the grounds and utilities and that today's discussion the delegation decided to go back to "see what kind of offer they could develop from Quincy for buildings."

EXPLOSION KILLS 13 IN BRITISH GERMANY

Brunswick, Germany, March 11—(AP)—An explosion ripped through a British scrap iron dump near Brunswick today, killing 13 workers and injuring 68 others. The victims were British and displaced persons, mainly Poles.

British officials theorized that an explosive charge hidden in the scrap was touched off during a crushing operation.

87-YEAR-OLD PROF. IS NEW FATHER

Berkeley, Calif., March 11—(AP)—Birth of a son to 87-year-old Dr. Andrew C. Lawson, University of California professor emeritus, and his 39-year-old wife, Isabelle, was announced today.

Doctor Lawson is one of the world's foremost geologists. The baby, William Patrick, was born Monday at an Oakland hospital. It was the couple's first child in 18 years of marriage.

AN AIR FORCE ACADEMY

As one of his last acts as defense secretary, James Forrestal announces the national military establishment's recommendation for an air force academy equivalent to West Point and Annapolis.

It will be several years, he said, before such an academy can be established.

Not if congress will get to work in a hurry and give its approval.

It is certainly needed. Our present academies haven't the facilities to handle all the young men training to be officers in the three services. The air-minded young men are sort of foster students when in reality they seem destined to play the leading role in the defense of our country. They require more schooling than is needed for most branches of military service.

Even in the matter of size the air force now makes a respectable comparison with the army and navy. Leading experts, like Major Alexander de Seversky contend that the air force will bear the brunt of any future wars and that it is folly to think of fighting Russia by any means other than air.

It would be very expensive, surely to invade Russia along the bone-littered routes of Napoleon and Hitler and then, if we succeeded take over the job of feeding all the Russians.

If it were not for the fact that we have oil holdings in the near east and military commitments in Europe, it would be sheer insanity even to think of opposing Russia on the European continent or by any means other than air power. Europe has all the manpower that is needed for land armies. It has so many people it can't feed them. We have food and arms to supply them. In a showdown with capitalism it would be enough to expect the United States to obliterate Russia's industrial centers with atomic bombs carried by big bombers.

It is a good sign that the new defense chief, Louis Johnson, is very air-minded. He is also a very forceful executive. Perhaps we will now have the air emphasis that we need.

PRESSURE GROUP STAMPS

(From The Washington Evening Star)
The Eightieth Congress "authorized and directed" the Postmaster General to issue more than twenty postage stamps which philatelists have stigmatized as undesirable. Most of the unwanted labels were intended as compliments to groups and individuals who ordinarily would not have been so honored. Political pressure was the explanation. The character of the Nation's postal adhesives was stultified to accommodate selfish interests. One of the stamps was a publicity stunt staged by the publisher of a magazine of the poultry trade. It featured an egg and a rooster, but no hen.

And the Eighty-first Congress is following in the steps of its predecessor. The day it assembled saw the introduction of several bills requiring the manufacture and distribution of stamps which the Postmaster General uncoerced never would have considered. One of the stickers demanded would glorify the trotter Hambletonian; another would advertise the centennial of the Angola goat! The resolutions "authorizing and directing" these obviously unworthy issues probably will be passed. Both are indorsed by important political forces.

Meanwhile, a proposal for a series of stamps in aid of educational campaigns for improved public health remains unnoticed by the House and the Senate. The American Cancer Society has submitted four attractive designs for a label to "point up" its drive in April. Similar adhesives have been requested to help the crusades against tuberculosis, poliomyelitis and heart disease. A stamp to dramatize the Forestry Service's endeavor to halt forest fires was suggested more than a year ago, and the soil conservation efforts of the Government have been urged as meriting such help. Stamps for half a dozen national parks hitherto not pictured also are pending.

What makes the mistaken policy of Congress so deplorable is the fact that, when the Post Office Department schedule for new issues is crowded with unworthy stickers, stamps which are of national significance and therefore deserve to be produced are pushed aside. This happened in 1948, and may happen again in 1949, unless Senators and Representatives heed the protests of the philatelic fraternity which pays the engraving and printing costs of all new postal labels.

Red Cross Swimming Courses In Demand

To meet the ever-increasing demand for swimming instructions, the Morgan County Chapter of the American Red Cross has in its personnel 19 instructors able to conduct all types of water safety and life saving courses.

The instructions are given in the swimming pools at the Illinois School for the Deaf, at MacMurray college, and at Nichols park.

Mrs. Phillip Bradish, chairman of the water safety committee, makes the following report: Beginner's water safety course completed by 47 children and adults; Intermediate courses completed by 22 persons; swimmer's course by 17 persons; junior life saving course completed by 14 students; senior life saving courses, 55 students and adults; water safety instructors' course, 27 students and swimming instructors.

The water safety instructors' course was conducted at MacMurray in April of 1948 by Locke Mouton, field representative from National Red Cross headquarters. These instructors are eligible to conduct all water safety and life savings courses and are helped by this training to receive positions as life guards, counselors in girls' and boys' camps and general swimming instructors.

Another phase of Red Cross training which is in much demand is the first aid courses. Howard Reynolds is chairman of the Morgan county chapter's first aid committee. The chapter has 33 capable instructors for first aid.

During the past year a total of 230 students and adults completed the standard first aid course and 52 persons completed the advanced course. Forty-eight teachers, leaders of young people and students completed the two instructors' courses.

Alexander Club Women Hear Talk On Girls' School

A talk on Park Ridge School for Girls was the highlight of the program given at the meeting of the Alexander Women's club, held at the home of Mrs. Wilbur Kumble. The subject was discussed by Mrs. James Muckleston.

The meeting was conducted by the president, Mrs. Sallie Stapleton, who read a letter from the county tuberculosis association. A letter was also read from Trail Rangers.

Miss Flora Hall led the pledge to the flag. A committee, consisting of Mrs. Mary Proffitt, chairman, Mrs. Bess Kumble and Mrs. Edna Strawn, was appointed for park improvement.

A talk on "Legislation" was given by Miss Charlotte Sieber, district legislation chairman. Guests were Miss Sieber and Mrs. Evelyn Keenan. During the social period, refreshments were served.

The next meeting will be held March 23 at the home of Mrs. Josephine Muckleston.

Home Is Where They Used To Live

By HAL BOYLE

New York—(AP)—Under a grey sky the big transport slowly berthed at a vast Brooklyn pier hung with many banners.

A crowd of 400 stood silently on the pier to welcome home the 6,785 silent passengers on the ship—sailors done with the sea, soldiers done with war.

An open hatch disclosed a few of the flag-draped coffins that thronged the vessel. It was the Barney Kirshbaum named for the first American sea captain to lose his life in the second World War.

And then this took place: An Army band played the National Anthem. There was a moment of silent prayer.

World Forgets Sacrifices

Tall, gray-haired Col. Edward R. Martin, a chaplain who spent 55 months overseas, spoke briefly. He said the world soon forgot the sacrifices of brave men but that a greater power beyond human understanding "comforts us in our hour of need."

"We must realize," said the chaplain, "that these men gave their lives for freedom—liberty not for one individual nor for one nation, but for the entire world, for all races and creeds, in order that they may call their home their own."

There was a final prayer, and then the sounding of "taps" As it ended, far down the pier another bugler took up the notes. He sent them back, faint and low, and every echo tore open a human heart. The pier was too small to hold so many old memories.

The bank struck up "Onward Christian Soldiers." The honor guard and a detachment of troops marched out in formation. The ceremony was over.

Grief Runs Through Group

The crowd walked to the edge of the pier and looked down into the open hatch of the vessel.

It happened suddenly. A stout, middle-aged woman sank to her knees and began to sob.

"My baby, oh, my baby!" She became incoherent.

"I used to wave goodbye to the ships when they sailed. My baby, oh, my baby!"

Her grief ran through the group like a widening surf, wetting the eyes of other mothers, wives, and sisters. Some broke down and their men folks had to lead them away. In a few minutes more the long pier was empty.

Only 20,000 Not Returned

It was dusk. A light wind stirred the long banners—the flags of every state and every fighting unit that saw action overseas. And then men moved aboard the vessel to take off the dead who had made the long voyage home.

This same scene has taken place on this same pier many times in the last two years. But there will be few

more such homecomings on this scale.

All but some 20,000 of the 160,000 American dead of World War Two who are being returned have already come back. The main task has been completed in less than half the five years expected.

Soon the faraway battlefields will be tidy again. Or as tidy as a battlefield can be, when the men who fought there have gone back home—where they used to live.

4-H Organization Meeting Saturday At Carrollton

Carrollton—All girls between the ages of 10 and 21 in the Carrollton vicinity are invited to meet Saturday at 1:30 in the high school building to organize into as many 4-H clubs as are needed to accommodate the girls who signify interest in the work.

Mrs. Donald Allen and Mrs. Reinheimer, 4-H committee chairman from the Carrollton Night and Day Home Bureau unit, will assist the home adviser, Miss Sophia Powell, in organizing the girls, and a number of ladies have planned to be leaders of the various Carrollton clubs this year. The group of leaders includes Mrs. Oren Siebermann, Mrs. Byron Rhoads, Mrs. Paul Carter, Mrs. Guy Pettit, Mrs. Carl Nell, Mrs. Louis Ostermann, Mrs. C. Jordan and Mrs. Bradley.

Miss Jane Price was elected president of the Linder Lilies 4-H club at its organization meeting held Tuesday evening at the home of the leaders, Mrs. Lawrence Price.

The other officers were Miss Faye Baker, vice president; Miss Nancy Guthrie, secretary; and Miss Bernadine Kirbach, reporter. Mrs. Price will be assisted in leading the club by Mrs. Roy Guthrie. Miss Sophia Powell, county home adviser, attended the meeting and assisted in planning the program. The club will follow a clothing project and will meet the second and fourth Tuesday in each month.

PUNISHMENT BY RESTORATION

Kingston, England—(P)—William Goodman, 49, charged with theft, admitted in court he'd carried away several big concrete slabs from a building site.

The judge ruled in effect: carry them right back—in a wheelbarrow. Goodman, did—pushing them three and a half miles.

He also was put on probation for a year. But he found the barrow-pushing worse. He said: "Pretty tough punishment."

Dan Dailey Cites Dull Film Stars For Movie Slump

By Bob Thomas

Hollywood, March 11—(AP)—Everybody's got a reason for the movie slump and now Dan Dailey offers a new and original one—film stars are too dull.

The song and dance man gave this wistful comment: "We actors advertise the fact that we lead terribly simple lives and limit our adventures to the small space directly in front of the camera."

"Except for an occasional actress falling in love with a prince, or some star carrying on a transcontinental courtship, most of us must sound pretty dull to movie audiences. They want their movie heroes dished up with a dash of excitement."

Now Dailey doesn't advocate wholesale immorality among the film famous. The thing can be done without breaking moral or criminal laws.

Cites Feuds, Gaudy Attire
He cites the feuds of Pola Negri and Gloria Swanson, the gaudy attire that western stars sport in public, Clark Gable's soupy cars, Greta Garbo's silence and Lana Turner's well-filled sweaters.

Dailey, who is up for an academy award for "When My Baby Smiles At Me," said that Hollywood publicity errs in picturing new stars as "just like the boy or girl next door."

"A star is a star because he is different from the average," he declared.

Dailey admitted that he contributes little to the glamor of Hollywood. "I probably lead a more ordinary life than most movie actors," he said sadly.

Younger Stars Few
This brings up a matter which is dear to my heart. I have contended that the studios have made a mistake in their buildup of new stars in the past few years. Personalities have been thrust upon the public with little imagination or color.

The result is that most of the reigning stars have been up there for 10 years or more. A few young stars have come up, but many of them are flashes in the pan, good for a couple of years of popularity based on juvenile appeal.

Orleans Woman's Club Meets Here
The Orleans Woman's Country club met at Hamilton's cafe, with Mrs. Blanche Koss as hostess. The meeting opened with the club prayer by Miss Cox.

A brief business session, was conducted, followed by the program. An article on the "U.N.O." was presented by Mrs. Julia Kamm. Mrs. Anna Drury read a short story entitled "Delafield House."

Mrs. Dorothy Negus gave a report on the district board meeting held at Jacksonville, stressing particularly points made by the northeastern regional president, Mrs. Boling.

During the social period, refreshments were served. Guests were Mrs. Clara Thompson, Mrs. Lillian Scott, Miss Mabel Vortman, Mrs. Harold Gibson, Miss Diane Negus, Mrs. Frances Wax, Mary Margaret Wax and Mary Henrietta Standish.

The next meeting will be held March 22, with Mrs. Sylvia Strawn at her home near Orleans.

TRIM moved a hand to the horn button and turned off the car lights. Then they rolled slowly down the incline toward the rambling shadow of the Bar C Ranch. Beyond the gallows-like archway, the low ranch house showed no lights.

"Looks like Faye's still here," Sin said, speaking in an unnecessary whisper from the back seat. The Mercury still lowered inanimate before the house. The only cloud in the sky had floated mischievously before the moon, a cottony mask.

Trim coaxed the sedan to a quiet halt. He ceased listening to night sounds from the surrounding desert. "Still want to go through with it?" he inquired.

"Sure," Sin said, pretending she meant it. They opened the doors and got out. John Henry caressed the automatic pressed against his stomach.

Trim led the way across the gravelled lot. The cloud chose to drift from in front of the moon and the three furtive figures seemed to spring into focus. Sin was regretting her insistence on the expedition. Her white blouse made a distinctive target under the gleaming moon.

When John Henry veered toward the front door, Trim caught his sleeve with a quick hand. He shook his head. "Never mind stirring up trouble we don't have to. Where are the horses?"

"The stable, I suppose."

"Can you two ride?"

"Well—we've ridden."

"Lead the way," said the Federal man and stood aside. Hoping he was going in the right direction, John Henry tiptoed cautiously along the front of the silent house and turned the corner. He was. The boxlike building, a half-story higher than the house, loomed in sharp outline a hundred yards away.

THE horses in their stalls were restless. They tossed their heads and reared and neighed when the men approached. Sin huddled on a bale of hay by the doorway while Trim and her husband first pacified and then saddled three mounts. John Henry had a good deal of trouble subduing his steed, but the wizened adept at the job and finished two saddlings while John Henry struggled with one.

Trim carried the last of the saddles and bridles into the feed room and banged the wooden door to behind him. Then he wedged the huge rusty padlock shut and jammed it with one blow of an old stirrup iron. "That'll slow up anybody who's going our way," he remarked, his smile satisfied. He tossed the stirrup iron down and dusted his hands.

They swung silently onto their horses and moved out into the moonlit yard, the erect little pirate leading.

"THIS is Walking Skull," said Trim. "And that's the start of the Badlands." He gestured into the night.

The Conovers looked it over. Walking Skull was a rough bowl-shaped depression in the desert, several hundred yards across. It was littered with huge boulders and dotted with a few stunted palms.

"Why?" Sin wanted to know. "Good thing the Bureau made me into a guide book before I came down," Trim said. He explained that a weathered skeleton had been found leaning against one of the rocks years before, looking as if it were still trying to take the few steps that separated it from the tiny water hole.

Of course, the bones were all gone now—carried home as souvenirs by tourists. But the skull had never been discovered. "The legend is that the skull still roams

these parts at night searching for water."

"Oh, no!" Sin said. "You shouldn't have told her," was John Henry's reaction. To the south and to the west, the smooth desert had been carved into a twisted labyrinth of narrow, deep canyons, writhing snakes that turned here and there, joining and separating and losing themselves in the night shadows. A single canyon cracked the side of the rough bowl on the southwestern edge.

"I can see why you'd need a combination to find your shadow in a place like this," John Henry observed. "I feel lost already."

"That one canyon that cuts into Walking Skull—that must be the starting point. From then on it's up to your wife."

"How about it, Sin? What's the first move?"

Sin wrinkled her tan forehead and concentrated, summoning the long list of R's and L's up before her eyes. On the ride from the Bar C Ranch, they had all agreed that these must stand for right and left and the number indicated the canyon to be followed.

"R dash one," she announced triumphantly.

Trim nudged his horse forward and the Conovers followed. At the mouth of the canyon they led from Walking Skull into the Badlands, the pirate hat was outlined briefly and ludicrously against the sky for a moment.

The dark jagged walls rose higher and higher on both sides. They rode down an incline until the sky was a crooked slit of comparatively pale blue overhead, then the canyon floor leveled somewhat.

"Here we are," Trim announced. "I'm turning right."

Sin's eyes were becoming more accustomed to the reduced light. She could see the bay ramp of the lead horse as the little man reined it into the first side canyon. Vegetation was sparse and scrawny in the gully they traveled. The floor was sand and smooth stones of all sizes. At the sides leaned great sheets of shale that had evidently crashed down from above.

CHICAGO MOTOR CLUB WINTER DRIVING QUIZ

1. IS THERE A WAY TO COME TO A GRADUAL STOP ON ICY SURFACES WHEN BRAKING IS DANGEROUS?

Answer to Question 1: Shifting to second gear, the Chicago Motor Club says, utilizes the engine as a gradual brake which reduces skidding dangers. If using brakes on slippery surfaces, they must be applied with successive light touches of the brake pedal. The disadvantages of the snubbing or pumping technique is that equalized braking force is not assured and that an excited driver in an emergency may tread the brake pedal too severely, producing a skid.

Answer to Question 2: Normally, yes, but not in severe cold when damp brakes may freeze, requiring a garage man's service to

release them. Parking on a hill, cut your wheels toward the curb, on a decline, cut opposite way, rear wheels are toward the curb. But don't leave your emergency brake on during extreme cold.

Answer to Question 3: Frozen fuel lines. Keeping gas tank well-filled minimizes the threat of moisture condensation and frozen fuel lines. The Chicago Motor Club's emergency road service department reports: Also helpful is use of 8 oz. of pure grain alcohol in each tankful of gasoline, or alcohol preparations designed for this purpose which your service station operator may recommend.

GLASGOW

Glasgow—The baby daughter of Mr. and Mrs. LaVerne Jones accidentally swallowed her own small ring Wednesday night when her three-year-old brother, Larry, removed it from her finger.

She was taken to Our Saviour's hospital in Jacksonville, where X-rays found it lodged in her throat. Although somewhat painful it did not result in any serious injury.

Mrs. Lola Bowman, who has been residing in White Hall during the past winter has returned to her home, west of Glasgow for the summer.

Mr. and Mrs. Grover Tipsword and family, who have been living in the former William Cumby place, west of Glasgow, will move this week to the John Killbrew tenant farm, northwest of here.

The signs placed on practically all gravel roads in the county by the Scott county Highway Dept., barring all trucks having a gross weight of over 10,000 lbs., and which was to remain in effect until next month, were removed Thursday, as it is believed these roads have settled and improved sufficiently to withstand these heavy loads.

Wayne Fundel of Glasgow has gone to Jerseyville where he has employment as painter with the Baughman Co., manufacturers of limestone and gravel truck bodies.

Ebenezer Unit Holds Meeting

The Ebenezer Home Bureau unit met at Hamilton's cafe, with Mrs. J. H. McFadden and Mrs. Paul Jones as hostesses.

The meeting was conducted by the chairman, Mrs. Sam Challiner. The major lesson, Style and Designs for the Figure, was given by Mrs. John Hadden. "Study of Southern Illinois," the minor lesson, was presented by Mrs. J. D. Bunting.

Mrs. Robert Houston gave a demonstration on glass etching. One guest, Mrs. Dale Jones, was present. Refreshments were served.

City primary election checks ready at City Clerk's office.

TAILORED TO FIT—SEE US

Its Only Master is the Person at Its Wheel!

The 1949 CADILLAC, powered by its great new V-type, high-compression engine—knows no counterpart for over-all brilliance of performance.

From the standpoint of ability, smoothness and quickness of acceleration—it is a never-ending challenge to the imagination. Yet, in the hands of the person at its wheel, the 1949 Cadillac is as docile as a kitten!

Never before has a car so dynamic been under such certain and easy control. The big, powerful hydraulic brakes are completely dominant—yet they are as soft to the pedal as sponge rubber. A touch from the daintiest foot—and the car settles down to a quick and easy stop. A touch on the accelerator, and it moves quickly into any position its driver wishes to occupy. The big, slender steering wheel is feather-light in the hand—and quick and positive in its action.

Yes, the driver is boss in a Cadillac—and his word is unquestioned!

It's a great thrill to take command of such a car—as hundreds are learning every day. Why not come in and see for yourself? Regardless of the price class from which you expect your next car to come, you ought to be familiar with Cadillac. It is the final yardstick for measuring motor cars.

It's Not Fiddle-Fiddle

John Alpin Graydon, 72-year-old Ridgefield, N. J., inventor, scientist and philosopher, has developed this unique violin bow. It's actually four bows together, and can play all four strings at once. A noted violinist will soon use the how on a radio broadcast.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, March 11.—(P)—Values on live hogs ranged from steady to 30 cents lower today, while cattle were steady to 25 cents down, lambs steady to 50 cents less, and ewes strong.

Most good and choice butcher hogs brought \$18.50 to \$22. The day's top price was \$22.50, but it was paid only sparingly. Sows sold from \$15.50 to \$18.25.

Medium to good steers were \$21.50 to \$24.25 with choice kinds absent. High-good heifers were the best of that class at \$24.75. Beef cows topped at \$19.50, sausage bulls at \$23. Vealers at \$28. Common to medium stocker steers went back to the country at \$21.

Choice lambs were too scant to make much of a market test. Medium to low-choice material brought \$26 to \$28.10. Slaughter ewes ranged downward from \$14.

Salable receipts were estimated at 6,000 hogs, 1,500 cattle, 200 calves, and 500 sheep.

Training Camp Notes

Phoenix, Ariz., March 11.—(P)—Larry Jansen will take the mound tomorrow when the New York Giants open their exhibition schedule against the Cleveland Indians, says Manager Leo Durocher.

Durocher also said yesterday he plans to start Sheldon Jones against the Tribe in Sunday's game. Both contests are slated for Tucson, Ariz. Mario Picone, who is regarded as having a good chance of making the Giants' hurling corps, gave up one hit in a two-inning stint in an intra-squad game, yesterday.

St. Petersburg, Fla., March 11.—(P)—The New York Yankees open their exhibition schedule against the St. Louis Cardinals tomorrow and Manager Casey Stengel already is looking over his injured list.

He said after yesterday's session that Joe DiMaggio may not appear at all and that if he does, it will be as a pinch hitter. Charley Keller, another of his outfield stars, may play a few innings late in the game he indicated.

Vero Beach, Fla., March 11.—(P)—Manager Barney Shotton led his Brooklyn Dodgers on a safari to Miami today where they will tackle the Boston Braves in a week-end exhibition set.

However, the members of the squad still were buzzing about the words which passed between Jackie Robinson and Chris Van Cuyk, a young pitcher assigned to Fort Worth of the Texas League.

Van Cuyk dusted off Bobbie a couple of times in an intra-squad game yesterday, and the first baseman warned him against repetition of the close throwing.

Orlando, Fla., March 11.—(P)—Gil Coan and Al Evans hit home runs yesterday as the Washington Senators A team beat the B squad 13-4 in the first training game of the season.

The six-inning affair saw the A squad tie into the pitching of veterans Ray Scarborough, Forrest Thompson and Walter Masterson for 14 hits.

Bradenton, Fla., March 11.—(P)—Boston Braves rookie pitcher Normie Roy had it on good authority today that his hurling is impressive.

John Quinn, general manager of the National League champions, watched the Waltham, Mass., pitcher work two innings in yesterday's intra-squad game.

Sarasota, Fla., March 11.—(P)—Two Boston Red Sox pitchers, Chuck Stobbs and Frank Quinn, are making strong tries to stick with the club.

Stobbs, 20-year-old bonus player from Norfolk, Va., gave one run in four innings in an intra-squad game yesterday. Quinn, former Yale star, also worked four frames and allowed one tally.

Pasadena, Calif., March 11.—(P)—Manager Jack Gaslow was selecting a first string squad of Chicago White Sox players today to make the trip to Hollywood for a baseball game with the St. Louis Browns tomorrow.

Onslow also looked over a batch of players to go to Glendale to meet the Oakland team of the Pacific coast league tomorrow.

In yesterday's intra-squad game, the Millers defeated the Berres, 6 to 5, to tie up the series at two victories each.

Los Angeles, March 11.—(P)—Jim Gallagher, general manager of the Chicago Cubs, was slated to take his first look at the 1949 Chicago Cubs tomorrow when they open their 75-game exhibition tour with the Pittsburgh Pirates in San Bernardino.

Gallagher was due to arrive in camp from Chicago tonight.

West Palm Beach, Fla., March 11.—(P)—Mike Guerra, the Philadelphia Athletics' missing catcher, has telephoned from Cuba, but Connie Mack says he was so excited I couldn't understand a word he said.

"At the end," said the A's 86-year-old manager-president, "I spoke very slowly to make him understand. I told him to stay in Cuba as long as he wanted and not to report here until he was ready."

Clearwater, Fla., March 11.—(P)—Dick Sisler Philadelphia Phillies first baseman, has been acting like a new man at the plate since his tonsils

were removed. In an intra-squad game yesterday, Dick banged out two hits, including a homer, as Benny Bengough's boys were defeated by Dusty Cooke's comets, 7-4.

San Bernardino, Calif., March 11.—(P)—Ralph Kiner will be his own boss at the plate again this year. Manager Billy Meyer continues to let the big boy swing freely and makes no effort to have him change his tactics and hit to right field.

Lakeland, Fla., March 11.—(P)—Aaron Robinson's hopes of making the Detroit Tigers' right field stands a target this summer seem to have some promise. The big catcher belted one so far out in right in a squad game yesterday that the boys immediately started making comparisons.

Tucson, Ariz., March 11.—(P)—Robert Feller got his first 1949 exhibition game unimpaired yesterday when he hurled four innings of the Cleveland Indians' second intra-squad game.

Feller gave two hits and no runs, walked two and fanned one. His team, Harter's Fals, won 2-1.

Tampa, March 11.—(P)—Two rookies, second sacker Johnny Lane and centerfielder Lloyd Merriman, will get their first test tomorrow when the Cincinnati Reds take on the Boston Red Sox in the first exhibition game at Sarasota.

St. Petersburg, Fla., March 11.—(P)—Twenty-eight base hits were sprayed around Lang Field yesterday as the St. Louis Cardinals recruits handed the regulars a 9-to-6 trimming in seven innings.

Each side made 14 hits. Red Schenck had four singles. Hal Rice, Tommy Glaviano and Ed Sauer had three apiece.

Burbank, Calif., March 11.—(P)—Jack Graham and Bob Seltzer slammed home runs yesterday to lead their team to a 13-11 victory in St. Louis Browns intra-squad game.

Graham's 380-foot clout came in the fifth inning with two mates on base. Jerry Friday, who ended a holdout Wednesday, played five innings and got one hit in two games.

Negro Issue Up For Vote Today By ABC Delegates

Atlantic City, N. J., March 11.—(P)—What to do about the Negro in the American Bowling Congress is to be decided today.

Some 700 delegates to the ABC's one-day convention are to vote on an amendment that would open membership in the Congress to all races.

The 63-man ABC board of directors has recommended rejection of the amendment by the delegates. The amendment, offered for a third straight year by the Rev. Charles Carow of Brooklyn, N. Y., would delete from the ABC constitution the words "individuals of the white male sex."

Model Looks Like the Real Thing

It looks like a real B-17, zooming over the tree tops. Actually, it is a midget model of the real thing. At the Wright-Patterson Air Force Base, Dayton, O., the Air Materiel Command's Dynamic Model Unit is using near-perfect models to obtain pre-flight data on various types of planes. Guided by wires attached to their wings, they fly up to 200 mph. This baby B-17 is powered by four three-horsepower engines.

Army Goes on the Air With Pocket-Size Radio

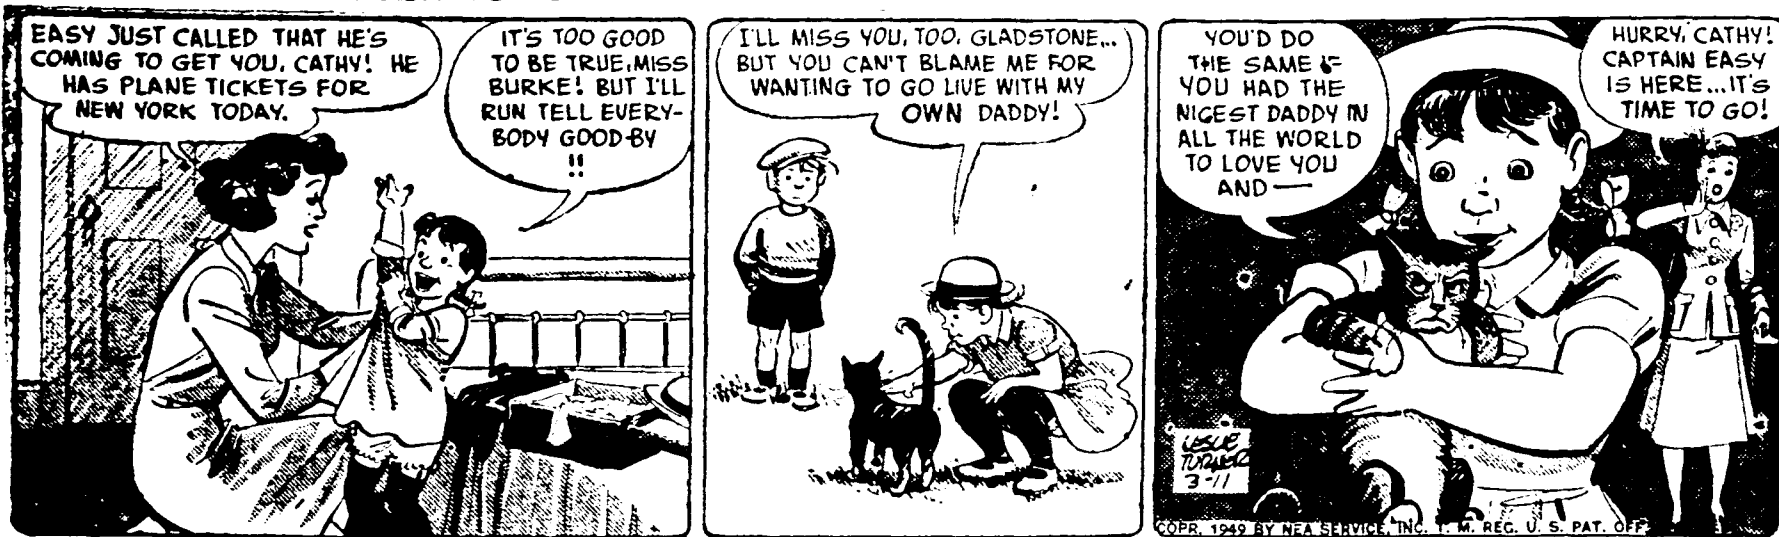

During the next war, a soldier can carry a radio in his pants pocket. The Army Signal Corps has developed a pocket-sized transmitter-receiver, believed to be the only radio its size that contains all necessary component parts. By simply inserting a detachable aerial, the user, left, can send and receive spoken messages over distances greater than 200 yards. The radio and collapsed aerial fit into a man's hand, right. The 11-ounce set features plug-in units which can be pulled out and replaced like fuses.

Relatives Of Dead Servicemen Urged To Protect Rights

Because the eligibility of remarried widows for the state veterans' bonus has not been determined by the Illinois Supreme Court, other persons who may be in line for payment should file claims before July 1, 1949.

In the event remarried widows are denied eligibility, the children, mothers, fathers, brothers or sisters of the deceased veteran could not establish their eligibility unless a claim was on file prior to July 1, 1949, with the Service Recognition board.

Service officers of the Illinois Veterans' commission have been instructed to contact and assist the survivors of deceased veterans in filing proper claims to protect their rights.

Those who have not been contacted are urged to visit the Commission office as soon as possible before June 30, 1949. In Morgan county the office is located at 6-7 Morrison Block in Jacksonville.

Friends Received At Dunlap Hotel After Ceremony

Wedding rites for Miss Norma Daly of this city and Mear E. Kern of New Berlin were solemnized in a ceremony at 8 p.m. Friday at Salem Lutheran church.

The church was lighted by candlelight and simply decorated by potted tulips at the altar and floor pots of huckleberry.

The Rev. O. J. Klinkerman officiated at the double-ring ceremony which followed a 15 minutes organ prelude by the organist, Walter Deffner. The bride's father escorted her to the altar after which Miss Louise Bissey, Niantic, Ill., sang a pastoral arrangement of words to "O Promise Me." During the exchange of vows a recording of the Lord's Prayer was played very softly. After the benediction the couple remained kneeling at the altar while Miss Bissey sang "O Perfect Love."

Ivory Satin Gown

The bride's gown was of ivory wedding satin with open square neckline at which she wore a dainty gold lavalier belonging to her mother. Slightly puffed sleeves terminated in a point over the wrist. The pointed empire waistline featured seed pearl embroidery and the gored skirt was designed to train. Her finger-tip bridal veil was of three-tiered net, held in place with a tangle of mock orange blossoms. The bride carried a showered arm bouquet of talisman roses.

Miss Phyllis Martin of Jacksonville, the bride's only attendant, wore a gown of aqua taffeta; a bandeau of pink snapdragons in her hair and carried a showered bouquet of variegated snapdragons. Miss Bissey's gown was of soft pink gardenia in her hair. Mothers of the bride and groom were attired in spring costumes, with which they wore corages of red roses.

Reece Kern, only brother of the groom, served as best man. Ushers were Melvin Braker and Russell Davidson, both of Alexander. Each wore white carnation boutonnieres. The groom wore a talsman rosebud taken from the bride's bouquet.

Reception At Dunlap
Immediately following the ceremony a reception for approximately a hundred guests was held at the Dunlap hotel. Miss Marie Schroeder, Arenzville, presided at the reception table where she was assisted by Miss Mary Katherine Lake of Winchester and Miss Dorothy Bartelheim of Springfield. Miss June Kunkle, Iowa City, Iowa, was in charge of the guest book.

The bride was graduated from the local high school and Brown's Business College and for the past three years has been employed in Springfield. The groom graduated from Pleasant Plains high school and since overseas service in the army has been engaged in farming.

The couple left for a wedding trip in the South and will reside in Jacksonville upon returning. The bride chose a green and brown going-away ensemble with matching accessories and a corsage of talisman roses from her bridal bouquet.
